1/4" Flat Washer (8)

Installation

⚠ WARNING Using mounting hardware too long for your application may puncture exterior structures.

⚠ WARNING If your television came with a stand, please remove the stand by referring to your television's owners manual and ensure the hardware has been removed from the mounting holes.

STEP 1

Secure the wall bracket to mounting surface:

Pre-drill holes using a 1/8" drill bit for use with 1/4" lag bolts. Use lag bolts or self-drilling screws (depending on your mounting surface) with 1/4" washers to secure base of bracket to the mounting surface.

STEP 2

Secure the television to the mounting plate:

Line up the hole pattern on your television with the matching hole pattern on the universal mounting plate as close to the center as possible. Use the appropriate hardware and washers to secure the television to the mounting plate. This can be done without removing the mounting plate, figures are shown without bracket for illustration purposes only.

⚠ WARNING Step 2 may require two people to lift the television safely into place. MORyde is not responsible for property damage and/or personal injury due to improper or unsafe installation practices.
