STEP BRUSH

INTRODUCTION

Designed to be attached to the bottom tread of MORryde steps, the Step Brush functions as a means to clean the dirt off the bottom of one's shoes and easily detaches to be used as a cleaning aid.

- ⚠ WARNING** – The Step Brush is **not** a load-bearing device and is in **no way** designed or intended to support any user's weight aside from that which is necessary to remove loose dirt from one's shoes.
- ⚠ WARNING** – It is recommended to balance oneself with a support aid (i.e. Safe-T-Rail) while using the Step Brush.
- ⚠ WARNING** – To avoid injury and/or property damage, ensure that the Step Brush is positioned in the 'stowed' position **prior** to storing the steps.

Tools Required:

- Phillips Screw Driver or Impact

STEP BRUSH

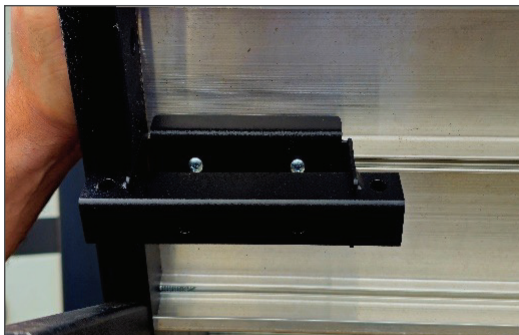

INSTALLATION INSTRUCTIONS

STEP 1

Raise steps off ground to have access to the under-side of the tread on the bottom step.

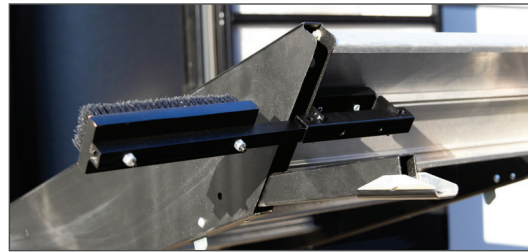

STEP 2

Ensure that the brush holder mount is tight against the inside flange of the bottom step and that the mounting screw holes are over the screw channel in the center then use the Phillips driver and screws (provided) to attach the brush mount to the bottom of the step.

STEP 3

Slide the brush handle into the mount in such a way that the brush bristles are facing up when the step is lowered to the ground. Ensure that the button on the brush engages the hole on the mount.

STEP 4

To stow the brush, simply press the locking button and remove it from the brush mount, move the brush to the other side of the mount, insert and push until the button engages the hole on the mount.

STEP BRUSH

At MORryde, we have a passion for solving problems. Whether we're fabricating custom solutions, modifying a commercial chassis, or creating our innovative products, we answer to a wide range of markets and deliver on a variety of needs. At MORryde, it's simply about doing MORE for our customers, and it doesn't stop at the sale. We stand behind our products, believing in quality first, service always. No matter the issue, we'll be the first to respond and the last to be satisfied. In short, we build better — together.
